# **West High School**

## **Family Resource Center**

## Who We Are

The Family Resource Center is an on-site facility at West High School. We are here to provide and help coordinate services aimed at helping students succeed in school. Here at West we understand that it is hard to focus on school when your family is dealing with some of life's challenges. Thus our program is aimed at helping the whole child and their family both in and out of the classroom.

## Program Goals

- \* To educate and advocate for students and their families
- \* To promote family unity
- \* To help create a positive West High Community
- \* To help families navigate both the West High Community and the Community at large

## Purpose

To offer students and their families a safe and accepting environment that supports the student's education.

## How

### 1. Coordination of Services:

We connect student to agencies in our communities that are not possible for us to provide in the school. This may include anything from connecting families to health services or students to after-school programs.

### 2. Partnerships

We have partnered with several community agencies in order to both find services for our students and to keep up to date on what is happening in the community.

### 3. Community

West High has a strong history of community among different departments, families, students, and community organizations. Every year this community works together to fundraise, donate needed items, and support West High Students

## On-site Services

- \*Food Pantry
- \*Clothes Closet
- \*School Supplies
- \*After school tutoring in writing
