

School Community Council Vision Statement West High School 2016-2017

Vision: To support new and existing programs, plans, and activities that promote student retention and connection, and strive to keep students “on track” towards graduation.

The SCC will also focus on improving existing programs and activities that help to keep students engaged and interested in school, with particular emphasis on its performing arts and math programs.

The SCC will continue to support programs that improve teaching skills, teacher collaboration, integration of classes, and parent and student involvement.

School Community Council / School Improvement Plan Goals West High School 2016-2017

Goal 1: Increase student academic achievement, including an increase in proficiency levels on SAGE tests, as well as in all content areas.

Goal 2: Increase student retention and attendance, with an emphasis on 9th grade.

Goal 3: Increase teacher effectiveness through professional development. Professional development will include student engagement, lesson planning, use of technology, and progress monitoring and feedback.
